

Congratulations to
Susan Metz Corbo & Bernadette Flaim
Attention2Detail, LLC

2009 NJAWBO Bergen Chapter Business Women of the Year

Susan Corbo and Bernadette Flaim, owners of Attention2Detail, LLC in Leonia, were honored as the Bergen chapter's 2009 Business Women of the Year at the chapter's annual awards dinner on June 17. The award honors a NJAWBO member who has distinguished herself in her business and her community and recognizes her business skills and accomplishments. This is the first time two women have been jointly awarded the prestigious designation from the Bergen NJAWBO chapter.

Sue and Bernadette combined their past work experience and their shared passion for interior design to form Attention2Detail in 2004 to provide a full spectrum of interior design services including redesign, real estate staging, space planning and organizing. They are accredited in real estate staging and are certified in interior redesign.

The business partners have been members of the Bergen chapter of the New Jersey Association of Women Business Owners since 2004, and got active in chapter activities early on. Bernadette serves as Vice President of Corporate Relations and Sue is on the Programming Committee. Their creative flair has been evident at many chapter functions.
